HAYNES PLEASED BY PROGRESS MADE BY DRY ENFORCEMENT

Government's Activity To Enforce Prohibition Began 5 Years Ago

ADVANCES BUT NEVER RETREATS

Commissioner Recounts Drives Against the Sources of Booze

(Associated Press)

WASHINGTON, January 16—Federal prohibition enforcement began five years ago today and Commissioner Haynes, in an anniversary pronouncement, said he believed accomplishments in the period warrant a "fair degree of satisfaction" when "taking all things into consideration."

The campaign against illicit liquor has been marked by many advances, but not a retreat," he said.

Re-counting that the principal flow of liquor, after January 16, 1920, has been due to diversion from bonded warehouse withdrawals, the commissioner said this had been reduced to a minimum by use of the permit system.

The coast guard in combatting liquor smuggling, he said, is fast getting it under control. "Less than 10 per cent of the entire production of denatured alcohol is being used illicitly," he estimated.

Other "outstanding accomplishments" in enforcement, Mr. Haynes declared, were reducing to a minimum the importation of wine and exportation of whiskey and institution of a campaign for law observance and a campaign of "moral suasion" among citizens.

BIRMINGHAM, Ala., Jan. 16—Elated with accomplishments during the prohibition era, leaders of the movement in this section gathered at the First Methodist church here today in an all-day celebration, under the auspices of the Jefferson County Women's Temperance Union.

One of the most encouraging results of prohibition, it was declared is shown by the increase in bank clearings of almost 100 per cent in five years.

Several prominent speakers have been secured for both the morning and the afternoon sessions and it is hoped that the meeting will be very productive of results. It is understood that a heavy routine of business is to be carried out at the meeting.

The building was said to have been

MAPOTHER VISIT TO BE GREATEST EVENT OF CITIES' HISTORY

Committee is Appointed to Greet the Ellen Chief Early in Day

TICKETS SELLING FOR THE BANQUET

Reservations Should be Made Early Officials of C. of C. Says

With arrangements definitely outlined all committees in charge of the chamber of commerce banquet in honor of Col. W. L. Mapother, president of the L. & N. railroad are working for the success of the plan and it is easily predicted this will be one of the greatest functions of its kind ever staged in this section of the state.

The banquet committee is now selling the tickets and it must be understood that every one is invited and those who desire to attend should make immediate reservations. This is very necessary, according to Secretary Meininger, for the reason that telephone reservations since yesterday have grown to such a number that the banquet committee must know by Monday the exact number of covers to prepare for. It is necessary for each one to have his ticket.

Secretary Meininger also announced the speakers for the evening, William R. Spight who will introduce Colonel Mapother, and Judge J. C. Eyster, W. W. Rahm, president of the chamber of commerce, will serve as toastmaster.

The following members of the reception committee have been designated to meet the private car and party of president Mapother, early on the morning of the 22nd: E. R. Wolfe, Fred A. Bloodworth, John C. White, Tennis Tidwell, W. W. Fussell, J. C. Eyster, Wm. R. Spight, B. C. Shelton and W. J. Meininger. The other members of the reception committee are to be on hand promptly at 8:30 a. m. to greet and receive the party.

Dorothy Ellingson Still Life of Party After Questioning

POLICE ROUND UP MANY MEN

Parents Quarreled Over the Life Their Daughter Led

(Associated Press)

SAN FRANCISCO, Jan. 16—Dorothy Ellingson, 16 year old confessed slayer of her mother, Mrs. Annie Ellingson, today after 12 hours questioning was still "the life of the party" as she had been after the murder when she danced at the apartment of a friend while her mother lay dead.

The police have rounded up three of 17 young men for whom warrants have been issued for contributing to the delinquency of a minor.

They include David Stein, in whose apartment Dorothy is said to have attended a party after the death of her mother; Keith Lord, arrested in Venice, Calif., where he was playing in an orchestra and Harry Lasser, alias Chenitz arrested here.

Both father and brother confronted the girl in the city prison. The brother repudiated the advances of his sister, when she sought to embrace him in the cell.

The shooting came as a climax to a long series of family differences over the girl's actions. Her father and mother had quarreled because of the clandestine life their daughter admits she led. The mother defended her daughter the father left home. After the girl shot her mother to death, according to her confession she went into a purse in the same room and took \$45 went out on a "wild party" that night and returned to her room to read papers containing the account of her mother's death.

She was captured through information given police by one of her male companions.

TO COMMITTEE IF PARLEY FAILS

In Any Event Decision By House by Mar. 4 Will Be Asked

(Associated Press)

WASHINGTON, Jan. 16—Representatives favoring passage of the Underwood Muscle Shoals bill plan to make an effort tomorrow to obtain unanimous consent of the house to send the measure direct to conference.

Members favoring modification of the senate bill have assured that ample opportunity will be given for adjusting the differences in conference.

Although the unanimous consent agreement may be blocked advocates of the Underwood bill feel confident that they could draw sufficient votes if necessary to adopt a rule ordering it to conference.

If the conference fails, the bill will be sent to the military affairs committee where friends of the measure will strive to have it reported favorably and laid before the house at an early date with the hope of having a conference report adopted before this session ends.

No steps will be taken toward advancing the legislation today, which is given over to the consideration of the calendar.

The bill now is on the speaker's table.

FARM BUREAU COTTON ASSOCIATION
SHOWING SUBSTANTIAL GROWTH

The cotton association of the Alabama Farm Bureau continues to show substantial growth, figures given in the Farm Bureau News showing that the association on January 1, 1925, had a total of 11,180 members, delivered 77,667 bales of cotton, 15,188 bales more than had been received on the same date the previous year.

The association also reports that many counties have exceeded the delivery of cotton they had promised from the year's crop, these counties being Chilton, Choctaw, Clarke, Coffee, Covington, Escambia, Hale, Jackson, Lamar, Monroe, Pickens, Sumter and Tuscaloosa.

Autauga county, which has held the record of delivering the greatest number of bales to the association, ever since the organization was formed, this year has found that record challenged by Limestone county and a good matured race has been on between these counties ever since the season opened. Autauga, however, still is in the lead by a "narrow margin."

The "orderly marketing" of cotton, only a dream cherished by a few far-seeing individuals a few years back, now is showing every evidence of being rapidly realized. The farm bureau is extending its organization into every community in the state and more and more growers of cotton are joining the cotton association.

With the cotton delivery season practically over, we are informed that the bureau now plans to put its field men to the task of signing up new bureau members. A goal of 20 per cent increase in membership has been established and, with the continued co-operation of the members, no reason is seen why the goal should not be reached this year.

CROSS WORD PUZZLE EXPERTS
NEEDED TO KEEP UP WITH SENATE

The cross word puzzle fiends can find them a real tangle now, trying to work out what the senate is doing with the Shoals question by reading the newspaper reports of the proceedings. The Norris bill was put up, and the Underwood plan passed to kill it. Then the Jones bill was passed to blast Oscar's hopes.

In turn the revised Norris bill was passed to beat the Underwood plan, and once more the Underwood plan was adopted to beat the Norris proposal.

As this was written, Senator Jones was having another turn at bat, and struck out.

There are ninety-four other senators yet to bring up bills to be voted on, but if they keep coming at the rate of the past few days, they will get around by the end of the year, and next spring they can start all over again, else really do something or drop the matter, by plainly saying that the power is not worth a dam.

There is very little difference between the present unquarrelable over the shoals and the many years' wonder fight over the building of the Panama Canal.

If we had a president at this time that would talk plain policy.

and lots and wield a club, we might get a little action, but silence and a pitchfork and a maple sap bucket have never, up to the present, stopped a river, so far as history records.

Still, we are ready for a precedent at any time, and if Silent Cal will come out with some results or a plan for the utilization of the tremendous supplies of wasted senatorial gas, it will be just as well, and the long term of prosperity will have begun.

What we want is power, whether it comes from a dam or a senator.

"BREAK" OF SHOALS NEWS SHOWS HOW
THE DAILY SERVES ITS SUBSCRIBERS

The senate of the United States Tuesday afternoon unconsciously gave an object lesson to the people of the Tennessee Valley and repeated the lesson Wednesday.

The big "breaks" in the Muscle Shoals tangle occurred so late that most of the papers which come into the Valley from the more distant cities failed to get the last big developments of the day. The Daily regrets that the vote of the senate to substitute the revised Norris plan for the lately approved Jones plan, occurred so late as to cause the edition to miss the north bound train. News of the action, however, was telephoned by The Daily to Athens. The Daily is glad, indeed, that it was permitted to give the news to all of its readers within the Twin Cities and its large circulation south of here, as well as readers in Lawrence county.

In other words The Daily Tuesday gave about 90 per cent, or more, of all of its circulation in North Alabama news which this section was deeply interested in, news which out-of-town papers, by virtue of their earlier edition hours, could not give this section at the time The Daily published it.

The Wednesday Daily came right back and scooped out of town papers again on final passage of the Underwood bill.

Like other of the smaller dailies of the South, The Albany-Decatur Daily makes its principal appeal to its readers on the basis of news of the Twin Cities, Hartselle, Athens, Somerville, Moulton and Lawrence County, Tannier, Austinville, Fairview and other neighboring communities. At the same time The Daily again would remind its readers that it is the constant endeavor of this newspaper to be "a home town newspaper, which is something more than just a home town newspaper." To that end considerable money is spent each week to bring to our readers interesting features, and, above all, the incomparable dispatches of the Associated Press, the world's greatest news-gathering organization.

The Associated Press, each day, picks the cream of the world's news, whether it be a happening in Shanghai, London, Washington or Butte, Montana, and serves it fresh to Daily readers.

MOBILE VETERANS PLAN MONUMENT TO
THE WOMANHOOD OF THE SOUTHLAND

A monument to the women of the Southland, those brave souls who gave such an inspiring example of heroic service while their loved ones were at the front in the sixties, is planned by Raphael Semmes Camp, Confederate Veterans, of Mobile. The monument would not only enshrine the memory of the devoted women of the South, the camp explains, but would serve to revive, in the hearts and minds of the later generation, "respect and loyalty to those virtues which gave them distinction and on which true greatness of a nation depends."

The following resolutions have been adopted by the camp:

WHEREAS The armies of the Confederacy during the four years of Civil War were encouraged and sustained by the devoted women of the South, whose sorrows and sacrifices were equalled only by those who gave their lives on the battlefield, yet they bore them with unequalled patience and more than Spartan courage, and

WHEREAS These trials which they endured so patiently and the losses of loved ones suffered so bravely, entitle their memory to be enshrined forever in the hearts of their descendants, while the imprint of their virtues should live to the end of time, as an example to the present and future generations, therefore be it

Resolved by Raphael Semmes Camp No. 11, U. C. V., of Mobile, Alabama, that it is the sense of this camp that a monument should be erected as a memorial to emphasize and perpetuate the virtues and deeds of these devoted women of the Southern Confederacy, said monument to be erected in front of the State House in Montgomery, Alabama, the first capital of the Confederate States of America. That a committee of this camp be appointed, of whom the commander shall be the chairman, to enlist the active support of all other camps of Confederate Veterans, of the Chapters of Daughters of the Confederacy, Posts of Sons of Confederate Veterans, Posts of Legionnaires, also all other patriotic and civic organizations, in this movement in Alabama.

Resolved Further, That the Hon. W. W. Brandon, Governor of Alabama, in the event he sees proper to call an Extra Session of the Legislature, be requested to add in the objects of said call, permission be granted for said monument to be erected on the ground of the state capital at Montgomery, and that appropriation be made in aid of same, in such amount as may be deemed needed for the success of the undertaking.

The foregoing resolutions were introduced by Col. N. F. Thompson and seconded by Judge Saffold Berney and adopted by a unanimous standing vote at the meeting of the camp held on December 28, 1924.

Copies of the resolutions are being sent to all of the newspapers of the state and the press has been requested to give wide publicity to the movement. Such a notable effort, the press of Alabama will be glad to aid.

In a letter accompanying the resolutions, members of the committee from Raphael Semmes camp, further explain the objects of the plan:

"We are impressed with the fact that the younger generation in other sections of our country are wandering away from those principles that form the basis of sound citizenship and we would protect our Southland from such a tendency. In revising interesting in the virtues of the mothers and grand-mothers of a former generation we can hope to head them away from those tendencies that are causing alarm for the very existence of the nation. Among the women of the Confederacy there was no drinking, no smoking, no gambling, no neglect of home training or discipline, nor disregard of the duties and obligations of wifehood and motherhood such as is painfully in evidence elsewhere."

The good which this effort of the Mobile veterans can accomplish is so self-evident that it really needs no further encouragement than its own appeal. Alabama will

Good Pure Flour Needs Less Shortening

You need less shortening to make your baking tender and flaky when you use Valier's Dainty Flour.

That's because Dainty is milled from just the rich creamy centers of the choicest soft winter wheat. It is free from phosphate or any other adulterants. Dainty always gives your baking the natural, full flavor of pure flour. It costs a little more than ordinary flour—but you can always depend on results.

And because it is so rich and pure, your saving in lard when baking with Dainty offsets the little extra you pay for it. For delicious, tender baking with less lard or butter—remember to order Dainty!

AMUSEMENTS

One of the most charming and delightful musical comedy offerings of the season will be at the Masonia theater Saturday evening, January 17 when Frederick V. Bowers, the well known musical comedy star singing comedian and famous composer and writer of popular songs brings his latest New York success "What'll I Do" to Albany-Decatur.

Mr. Bowers is hardly a stranger to the majority of theater goers and song buyers for he has written over a thousand popular songs and appeared as the star of such musical comedy successes as "His Bridal Night," "I'm So Happy," "Kiss Me Again," "My Cinderella Girl" and with McIntyre & Heath in "The Ham Tree". He has an exceptional singing voice of liberal range and his rendition of "What'll I Do" and his latest song hit "When the Stars are Shining," is a delight. In his support are such well known musical comedy favorites as Victor Fay, late of the Greenwich Village Follies, Edna Mason, golden voiced soprano, Ray Clifford eccentric comedian, Mimi Jean, Southern Blues singer; Ben Grinnell, who will be remembered for his playing of the role of the "janitor" as well as his wonderful dancing in "Madame Sherry" and "Listen Lester," Nellie Lynch of the famous Lynch Sisters, Joe Clare last season with "Earl Carroll's Vanities," and the most versatile comedian on the stage, Ann Meade, Thomas Rankin and others. A singing and dancing chorus of youth, beauty and charm, a scenic production par excellence and a wealth of beautiful costumes form a delightful background.

Hartselle News

Considerable excitement was caused Saturday night about ten o'clock at the Echols pool room when during an altercation alleged to have occurred between city policeman James C. Rodgers and Morris French in which some three or four shots were fired from a revolver alleged to have been in the hands of the policeman.

In passing out of the pool room it was alleged that he was knocked down by Mr. French. During the scuffle when both men were down, Rodgers is alleged to have shot French, two bullets going through the abdomen in the region of the bladder.

Mr. French was hurried to the Benevolent hospital at Albany where he underwent an operation to ascertain the extent of his injuries. It was found that two bullets had penetrated the bladder.

Monday reports from the hospital were to the effect that he was holding his own. Policeman Rodgers was placed un-

der bond Sunday morning, several signatures being attached to it.

Monday he was under the care of a physician at his home here. In the scuffle he received two blows on the head.

Luther Wooten a bystander was hit by a stray bullet in the leg. He was carried to the hospital where the bullet was extracted and later carried to his home in the country near here.

Mr. and Mrs. P. W. Williams have returned from St. Petersburg, Fla., where Mr. Williams was in attendance upon a meeting of the agents of the Protective Life Insurance company held at Hotel Huntington in the above city.

Mr. and Mrs. A. B. Masterson returned Monday from a trip to St. Petersburg and other cities in Florida. Mr. Masterson attended a meeting of the agents of the Protective Life Insurance company in that city.

Several hard rains have occurred in this section during the past week and all creeks have overflowed their

banks, and lowlands are flooded.

A banquet was served at a local cafe Monday evening to which members of the local Junior Order United America Mechanics were invited. This order has grown fast in the last twelve months since the re-instatement of the charter, and its members have been very active in placing Bibles and U. S. Flags in many schools of the county. Several short talks were made by members Monday evening, and a fine social time was enjoyed.

Mr. and Mrs. James Weems and little son motored to Birmingham on Sunday. Mr. Weems returned Monday. Mrs. Weems and little son remaining there with relatives for a visit of several days.

Mrs. Carrie Lee left Tuesday afternoon for Tampa Florida and will spend the remainder of the winter in that southern country with her daughter, Miss Berta Lee.

A business meeting of the Gratto club was held at Fraternal hall Tuesday evening at which time many matters of business were transacted.

The quarterly county meeting of the W. M. U. will hold an all day session at the First Baptist church next Friday. Visitors are welcome. The ladies of the church will serve lunch at the church.

The best attendance, the best program and the best offering is reported from the week of prayer service held at the Baptist church last week. Many out of town people were in attendance and the program is reported as being very interesting.

From early indications it is quite probable that this section will see another record breaker season of commercial fertilizer sales. Already orders are being placed for future shipments of fertilizer and there is at the same time some inquiry from planters. They are demanding the best, and that of a high grade.

The produce business run here for sometime by Charles B. Calloway changed hands recently, Mr. Calloway selling out to Messrs E. T. Gray and sons of Athens, Alabama.

Mr. and Mrs. Roy Williams of Callman are spending several days here with the parents of Mr. Williams, Mr. and Mrs. P. W. Williams.

T E Crittendon has just completed a handsome bungalow home on Bethel road and begun the erection of another nine room home in the western part of town.

NEW LAMP BURNS 94 P. C. AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, T. G. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 30 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Adv't.

Boils!

S.S.S. will rid you of boils, pimples, blackheads and skin eruptions!

DON'T CLOSE your eyes to the warning which Nature gives when angry, painful boils appear on your neck, face or other parts of your body. Boils, pimples and so-called skin disorders are the result of an impoverished condition of the blood and are not to be trifled with.

It is nothing more than folly to expect to get absolute relief from the use of local treatments, such as ointments, salves, etc. Such remedies may afford temporary relief but you want more than relief; you want a remedy which will rid you forever of the torturing disorder. And the one remedy which has no equal is S.S.S.

S.S.S. stops boils and keeps them from coming. S.S.S. builds blood-power! That is what makes fighting blood. Fighting blood destroys impurities. It fights boils! It fights skin eruptions—pimples, blackheads, eczema! It always wins! S.S.S. has been known since 1826 as one of the greatest blood builders, blood cleansers and system strengtheners ever produced. There are no unproven theories about S.S.S., the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities. Begin taking S.S.S. today and clear your skin of those blood disorders!

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

KIWANIS CLUB HOLDS WEEKLY MEETING AT NOON THURSDAY

The Morgan Kiwanis Club met at noon at the Y. M. C. A. in the regular weekly meeting and arranged part of the plans for the entire year in the form of addresses from various business men in the two cities that are members of the club. The addresses are to cover each line of business in which the speaker is engaged.

Following a very delectable luncheon the entertainment committee was given a few minutes during which the club joined in singing. It was decided that in view of the tremendous ovation that is being planned for the visit of W. L. Mapother on Thursday evening next that the club would again meet at noon instead of following the regular schedule that has been adopted in alternating noon day and evening meetings. President C. W. Matthews stated that Mr. Mapother had been extended an invitation to be present at the meeting of the club on next Thursday and expressly urged that the membership be present should it be possible for the L. & N. official to accept. Mr. Matthews also called attention to the fact that on February 5th anniversary night of the local

New Stomach Treatment Brings Quick Relief

Manufacturers Unable To Meet the Demand

In every city where it has been introduced thousands are now rejoicing over the remarkable results. Former sufferers of stomach misery, gas on stomach, belching, indigestion, dyspepsia, and constipation have been relieved and restored to health and are proclaiming the treatment to be the most effective remedy on the market. This preparation, which is accomplishing marvelous results and had an unprecedented rise to popular approval was formulated by new process of distillation of rare herbs into liquid form and now being offered the people under the name "HERB JUICE", which is in great demand and out-selling any other medicine where it is known. If you wake up in the night with indigestion, gas on stomach, take a teaspoonful of HERB JUICE and you will get relief in a few minutes. If you are troubled with constipation, headaches, bilious coated tongue, bad breath, kidney, bladder or blood trouble, take it on going to bed and we guarantee results. It is little wonder the manufacturers are working day and night trying to meet the demand for Herb Juice since its remarkable quick relieving powers are becoming known. Ask anyone who has tried Herb Juice and they will tell you it is the most pleasant tonic laxative they ever found, and three doses will relieve constipation and stomach trouble almost instantly.

Herb Juice, the great medicine, that is accomplishing such great results in the way of relieving sufferers is now being introduced in Albany by Cadell Drug Co.—Adv't.

club is to be observed, with a suitable program.

Kiwanian R. W. Cowart, in response to the request of the club officials, gave the details of the present work that the Kiwanis club has undertaken in feeding school children who otherwise would be forced to remain away from school. He stated that at the present time the local club was providing food for seven children in the Albany system.

President Matthews outlined the plan and named twelve local business men, members of the local club to deliver talks once a month on their respective lines of business.

After reports from the attendance committee had been heard, attention called to the meeting at the Albany-Decatur chamber of commerce on Friday evening, and an entertainment that is to be given by the Decatur Parent-Teacher Association on next Wednesday evening the meeting was adjourned.

BEAR CATS DEFEAT THE RAILROADERS

Business Men To Meet Decoros Tonight On 'Y' Alleys

While the Bear Cats were victors in bowling last night at the Y. M. C. A. their opponents, the Railroaders, held them down to a score of 3 to 1.

The original and true bear cat on the Bear Cats team is Jones, who again went to the fore for his team in hitting the head maple right on the nose, running up scores of 173, 107, 143, total 423. After him on good marksmanship in knocking down the maples were Dr. Baugh and Smith of the same team who made high single scores of 161 and 154 respectively. Owen of the Railroaders crowd saved the day for his bunch in the second game by bowling 121 pins, a mighty good score for Owen who is just learning how to locate the head pin properly.

Teams bowling tonight will be the Business Men versus the Decoros. The latter team gets a handicap of 5 pins.

COLDS THAT DEVELOP INTO PNEUMONIA

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)
